☼ To find our cocktails containing dry ice, look for this symbol

All our cocktails are served with theatre, and some are also served with dry ice. Dry ice is fun and safe when handled correctly, so if your drink is served with a straw, please use it. Please don't handle the dry ice with your hands, instead sit back, enjoy its theatre and the aroma of the cocktail.

Gin is a real botanical delight and a staple tippie to enjoy on any visit to London.

Its journey began when Dutch physician Franciscus Sylvius concocted jenever as a medicinal tonic. We Brits, always up for a good time, adapted jenever into the refined gin we know today.

By the time the gin craze swept through Georgian England, the streets of London were packed with gin palaces – decked out with ornate fixtures and buzzing with energy – one of the many inspirations that helped shape VU. Today, gin is infused with a plethora of different botanicals from across the world, and we've hand-selected our favourites, which pair perfectly with tonic, and a gorgeous view of the London skyline, of course.
